I LOVE THE TRIAL

I love the trail!
Within the depth of the great forest
Where rubber vines and parasites loop up
And down like serpents of a former age;
Where crystal waters leap from mossy beds
And chase each other over silvery sand and fern trimmed rocks
How joyous there to slake the thirst
And eat the frugal, well earned lunch:
I love the trail.

I love the trail!
Though mile on weary mile is through tall grass
Armed with the million piercing spears
And tsetse flies that thirst for blood,
Along the narrow, twisting, crooked path,
Each sudden turn concealing stump or stone
To throw us from our wheels or trip our tired feet;
And wherein lurks the elephant and ugly buffalo:
Aye, even so, I love the trail.

I love the trail!
We needs must wade at times the rivers swift
And slimy, treacherous swamps with fever ladden air;
Anon we plod through miles of blinding sand
On treeless vleis until our parched tongues
No word can speak, and vision becomes blurred:
When happily some poor huts appear, we drink our fill
Of dirty water from a dirty native gourd-
And yet I love the trail.

I love the trail!
Around our fire at close of day,
Sit squatted on their haunches nearly naked forms
Of men and women, little children, too,
In some mean, filthy, verin-swarming kraal-
And hear, with mouths agape, the amazing tale
How God so loved the world: a Cleansing Fount
Where sins may disappear and there come forth
New lives, new life and resurrection power.
Ah, yes! I love the trail!

2 BOARD OF EDUCATION
Committee on Religious
Education

Board of Education -1

1. It was voted that Mrs. Murphree head a committee which she is to select from Old Umtali to arrange for the translation and adaption of Bishop Booth's book, "Serving God in the Sunday School."

2. It was voted that the Sec. of Literature be asked to select from Advance literature what is suitable and useful for translation and publication into Shona.

3. We are in agreement with the suggestion of the Central Conference that a series of Sunday School lessons to be used in all of our Conferences be prepared. We commend for consideration the cycle of lessons as prepared by the South Africa Sunday

School Association, which system is being initiated in our Rhodesia Annual Conference beginning 1950, and we submit Mrs. Murphree's adaptation for 1950, providing that the copyright permission be extended to the other Conferences of this area.

4. It was voted ask the Director of Religious Education to work with the Director of Audio - Visual Education to prepare a full statement for the Field Committee to send to the Board regarding the needs in the Conference for Audio Visual aids.

5. The announcement that Bishop Booth is having a set of the booklets on "Our Faith" which have been prepared for the Advance sent to "The Library in care of the Head Teacher" of each of the Schools in the Conference, was received with appreciation. It was recommended that District Superintendents, pastors, Sunday School Superintendents, Sunday School and day school teachers plan for the widest possible use of these booklets which are to be the property of the schools for their use in religious education.

Recommendations Regarding Sunday School Work.

1. That since so many backward steps are taken by the Sunday School between the visits of the Supervisor, and in order that the Sunday School may receive its rightful importance in the Church program, we urge that all parents take a greater active interest in the Sunday School as they visit their stations.

2. That District Superintend-

ents and pastors give the S. S. Supervisor a place on the Quarterly Meeting program, thus helping to establish the S. S. as an important part of the Church program.

3. That when employing teachers the Superintendents and Directresses should emphasize the fact that we, as a Methodist Church, are not here to teach only the three "R's" but that the fourth "R" should be capitalized and head the list as being the most important.

4. That at the planning Conference with the teachers at the beginning of the year, the Sunday School work should receive consideration and that the teachers should be helped to realize their opportunities and responsibilities in this field.

5. That Districts and Circuits should plan short courses for Sunday School leaders who are not in the teaching professions, especially such courses as will help local Sunday School Superintendents to work with the day teachers.

6. That members of the RRW use their talents and influence in the Sunday School, especially in the instruction of girls and children. Also, that the Sunday School period be reserved for Sunday School and that no other departments of the Church use the time for other services.

7. That renewed efforts be made to organize the existing Sunday School and that attendance cards should be kept

8. That in order to assist families to attend worship services together that wherever possible the main Church services

be held in the morning and Sunday School for all in the afternoon.

(b) That in towns, where the adults are not free to attend the morning Church service, Sunday School be held in the morning and Church in the afternoon.

M. J. Murphree chm;
S. King sec.

Committee on Schools Board of Education

1. The recommendation that Central Primary Schools be opened and closed in the middle rather than at the end of the week has been taken up with the proper authorities. The government will allow variations in the school calendar if there is a good reason, provided that the school is in session the required number of days per term and that applications for variation be made through the Circuit Inspector.

2. We reaffirm our request to the Mission Board that they send us, for the Teacher Training Dept. teachers trained in primary methods and especially those with experience in rural schools.

3. The recommendation that female teacher's salaries be raised is receiving attention from the government at the present time.

4. Since assistant superintendents should have a minimum qualification of J.C. and since much experience is valuable in this work we encourage those who desire this position to make it their life's work.

5. We reaffirm the recommendation that Mr. Enoch Chieza prepare for distribution among our teachers an article which will embody the substance of his message to the Board of Education in 1948 regarding the great need for teachers of strong moral and religious character.

6. We recommend that better seating accommodation be provided for in the kraal schools so that habits of dishonesty maybe discouraged.

7. We recommend that more stress be placed on physical exercise and recreation outside of school as an aid in promoting more wholesome relationships between boys and girls.

8. We recommend that an accurate record be kept of all school funds and the head teachers or regularly constituted local school committees and district superintendents assume this responsibility.

9. We recommend that there should be cooperation in limiting the acceptance of pupils from other districts as a means of lessening moral dangers in travel.

10. We urge the students applying for entrance into other schools be recommended by their principals. At some places forms have been provided whereby principals may list those they recommend and if individual applications come in from those who are not listed by the principal they should be refused.

11. The need for increased facilities for Teacher Training has long been one of our most

urgent needs. Now that the government has ruled that no new Std. V men teachers shall be continued in the work after January 1951, the need is even greater. Therefore we again urge that staff, buildings, and equipment for additional classes in T. T. be considered as a high priority.

12. We request the Mission Board to seek young missionary candidates still in high school or universities who will prepare for educational work in primary schools as well as for ministerial work so that our district workers can speak with confidence in school as well as in church affairs.

13. We continue to urge that Post Primary Industrial Training be provided in our Conference as soon as staff and facilities can be secured.

14. We heartily support the recommendation from the superintendents report that none of our work should be so large and institutionalized as to miss the central aim of inspiring Christian character in all phases of school life.

15. It has been recommended that a school for albinos be merged into the Arnoldene Farm School at Headlands. There seems to be adequate ground and basic staff at this particular place for the Albino School. If such a school were started as a separate unit rather than merged with another school it is thought that many superstitions might be aggravated in the area, also that psychological reactions might arise if these

children are put into a group by themselves.

L. Pfaff chm

M. Taylor sec.

Committee on Publication Board of Education

1. We desire to express our appreciation for the work that Mr. Beven has done in securing the promise of an edition of 15,000 Chimanyika Testaments for our people.

2. We request that Mr. Jackson as an extension of his work in the publishing and distributing of books, be authorized to establish a book room in connection with the Umtali church and school, selling religious and educational books.

3. We recommend the printing of the revised edition of the Tucece, including the Primer lessons prepared by Mrs. Huie.

4. We urge preparation of a Study for the Rukwadzano under the leadership of Miss Tubbs in accordance with the directives laid down by the Central Conference and subject to the approval of the advisors and leaders of the Rukwadzano, and we request the early publication of the course.

We request the Commission on Hospitals and Homes to prepare lessons in Hygiene and Sanitation, Mothercraft and Sex Education.

5. We approve of the pub-

lication a booklet on Temperance and Gambling prepared by Miss Reitz.

6. That Miss Reitz be authorized to consult with the United Society for Christian Literature about the publication of Daily Light and Pilgrim's Progress.

7. That each Centre be requested to furnish copies of its own Teaching plan for St. Luke, the Acts, and The Old Testament Stories in order that a Committee may be able to draw upon these materials for an official scheme for each book.

8. Conference Journal

a. That in the appointments the teachers in a circuit be listed in paragraph form in order to save space.

b That the Memoirs and Roll of the Dead be continued as before.

c. That the Historical section be included in the report the first year of each quadrennium

9. That the chairman of the Board of Education be asked to appoint someone to prepare a teaching plan for the actions of the Central Conference for our Lay Leaders.

10. That a committee be appointed to assist Mr. Fuller and to pass on a Membership Manual for publication.

11. We approve of the publication of the Life of John Wesley by J. Rugayo, subject to the approval of the manuscript by Jackson and J. Chimbadzwa.

C. E. Fuller, chm.

Committee on Curriculum (Board of Education)

1. Uniform Bible Lesson Plans:

A. It is suggested that the following be used in the Bible Curriculum of our schools:

1. Sub A, Sub B, and Std. I: Mimeographed copies of Bible Lessons from the Gray Scheme be taught until this scheme can be revised.
2. Std. II: The Unified Shona edition of the Gospel of Luke be taught
3. Std. III: The Unified Shona edition of The Acts of the Apostles be taught.
4. Std. IV: The Old Testament Stories be taught (See 1948 Conference Journal, page 78, The Curriculum Committee Report, item, number 4).

B. It is further suggested that schemes be drawn up to be used with the above lessons by those who use the lessons during 1950. These schemes are to be presented to committees at the next conference to be used in the selection of schemes which can be published for general use.

II. Village School Administration:

A. It is suggested that the Native Education Department be asked to prepare, in connection with the handbook, such information that can be taught to the teacher training

students which will aid them in keeping village school reports.

B. We insist that there be closer supervision, by the superintendents, of school equipment, and that stricter accounts of the equipment be required from the teachers.

III. Community Education:

It recommended that the publication committee publish and distribute to all teachers and Pastors of our conference a simple statement of our educational policy in terms of a curriculum for our community educational program.

IV. Adult Education:

A. It is suggested that we request the Native Education Department to change the regulation for enrolment in Class D Community School, from a minimum of 15 to a minimum of 10 students.

Where possible it is recommended that needle work and cookery be included in the curriculum for women and older girls.

B. We recommend that the women of the Rukwadzano be encouraged to assume the responsibility for voluntary work in carrying out regularly appointed classes in homecraft and training of principles of Christian Family Life. (See Report of Sub-committee on Home and Com-

munity Services, 1949 African Central Conference minutes, pg. 46.)

V. Teacher Training:

Because we note great improvement in the Christian spirit among the recent graduates from our teacher training institution we wish the teacher training curriculum to continue to stress Biblical and religious training by which teachers will be better prepared for Bible teaching and service to the Church and the Community.

VI. Social Action and Recreation:

A. We urge that each section promote a vacation training course which teachers may attend for training in leading scouting, wayfaring, and recreation. And that, wherever possible, a definite program of social and recreational activity should be carried out.

B. We recommend various athletic sport, indoor games—especially games for which equipment can be made, be included in the program. Also African folk games that are compatible with Christian Character should be encouraged.

VIII Music.

We urge the encouragement of the creation of new music and the adaptation of African and foreign music to the religious and the recreational

needs of the people. We would also like to encourage the development of the use of native instruments.

C.E. Fuller, chm.

Community Life Committee; (Board of Education)

The Nyadiri District had a successful Bible Institute for women during the past year. Christian mothers appreciate this opportunity for study and it is hoped that other Districts will be able to hold these Institutes during the coming Conference year. The following is the Committee for womens' Bible Institutes:- Miss L. Tubbs, Miss B. Reitz Mrs M. E. Culver (When she returns from furl), Mrs Blomquist, Mrs Titas Marange, and Miss Hervoldt, Mrs. Martin Chiza and Mrs. Jenet Choto.

Because of the increase of divorce among the members of the Church we request the reprinting of Items No. 1, 2 and 3 of last years report which deals with this subject. (referto Conference Journal 1948 Page 78).

Miss Parks brought a report concerning investigations on the making of wills. Because of the many native customs involved a new committee consisting of Miss Parks, Mr. Chieza and Mr. Chiza, was asked to see the native Commissioner concerning the making of wills. This is to be done as soon as possible in order

that action can be taken at this conference.

A request from the African Christian Convention concerning the care of widows were as follows:" We move that the relatives of the deceased brother must keep the family so that the mother is free to marry another man at any time. Money and other properties to be kept for and used for benefit of the family. Our recommendation is as suggested by the Quarterly Conference of Nyadiri Central Church:- We see that increasingly there will be a large number of Christian widows left with small children. Unless the church provides some means of caring for them, many will be forced into being inherited by heathen relatives. We would suggest a plan of providing at some mission center a place for Christian widows and their small children where they can be given land to cultivate. We ask for consideration in this urgent problem and that such a plan be adopted. We request the Bishop to appoint a committee to investigate the plan for care of widows at Mt. Selinda Mission and to work out detailed plans for such a project before next Conference. Chairman & Secretary of the Committee were appointed as this special Committee.

The African Christian Convention request our Quarterly Conference to get in touch with their members working in urban areas who leave

their families at home unsupported, and to try in every possible way to remind them of their Christian obligations which they pledged at marriage." We heartily support this request and urge all quarterly conferences to follow it up with definite support. We also ask that they secure from Miss Tubbs a sample of the letter used with success for this purpose in the Mutambara District.

We request that the recommendations from the sub committee on Home and Community Service at the African Central Conference be approved and printed in our Conference report. We recommend that the Committee for Womens Bible Institutes be requested to work a Course of Study for the Womens Society, following suggestions adopted at African Central Conference (cf. Central Conference Journal 43)

We recommend that the Christian Convention and the Rukwadzano take up the problem of excessive expenses in marriage celebrations.

We recommend that a request be sent in the name of the Rhodesia Conference to the Native Commissioner of Salisbury asking protection for girl students alighting from trains and busses when travelling to and from school. Also that each school in an area provide a married escort for girls, various schools of each area pooling efforts so that an escort be at hand to accompany girls waiting for trains and busses. We also

recommend that railways be approached for special, lighted coaches to carry students to and from school at holiday periods.

We recommend that a request be sent in by our Conference Secretary to the city councils and mine managers within our Conference area, requesting that all excessive drinking be checked and that all sale of intoxicants to minors be prohibited.

We request that the scholarship fund be used to send to JanHafmeyer School of Social Work some one who will, upon his return, supervise recreation and sports for our people in the Umtali Location.

Methodist Youth Fellowship (Board of Education—6)

Advisor's Report :

As the missionary advisor of the M. Y. F., I have tried to follow the work in the different places. The interest has been great, and the young people are happy to take their part. Letters have been sent to youth in other countries, and we are glad for this contact with other M. Y. F. groups. Material has now been received from America for use with the M. Y. F. Programme.

In January, from the 5th to the 9th, we had a good youth conference at Nyadiri which gave good support to our work.

Since our secretary has been in school the most of this year, it has been impossible

to do as much as we wished.

The work is still growing, and our hope is high for the development thereof in the future. We ask God's blessing and guidance for M. Y. F. and its service among the young people.—Maj-Stina Blomquist.

District Reports :

Mrewa reports having started the work by forming 17 societies to care for 43 stations, choosing leaders and adult counsellors with the approval of the ministers. The assistance of teachers, especially Amos Chinake and Lazarus Mandizha, has brought the work forward.

Marange-Zimunya District held a leaders' meeting at Nyika, with between 200 and 300 youths attending. The emphasis of the work has been evangelistic, and there has been training for leadership.

Mutambara has seen great improvement in the M. Y. F. movement from the start, liked by both adult and youth, and it is hoped that the movement will accomplish a lot of good. In the stations it has been recommended that meetings be held on Sunday mornings before the Church Service.

M'tasa—Makoni District is now watching the M. Y. F. work in 14 stations, where they are assisting in the Advance for Christ and in community service. In July a Circuit M. Y. F. meeting at Nyamukwarara (Mtasa Circuit) brought together 800 young people, many of them being saved at the meeting.

Umtali, where M. Y. F.

began in May, the leaders were dedicated in June. They call for definite leadership training. Parents are interested. The Hostel girls have Sunday evening services with means of enjoying special music and self expression, with testimony to Christ.

Mtoko, 2 M. Y. F. groups are organized, and the movement is beginning.

Nyadiri saw the beginning of M. Y. F. this year, with high interest. Two Sunday evenings in the month are given to its meetings. Groups of youths go out to help villages, collecting wood and thatch for windows, etc. Girls of M. Y. F. are providing flowers for the Church on Sundays.

Old Umtali In its second year of M. Y. F., Old Umtali has 2 Junior, 2 Intermediate, and 2 Senior groups. They financed the sending of their chosen delegate to Nyadiri Training Conference. They are working on all phases of the M. Y. F. programme, Worship and Evangelism, Community life, World Friendship, and Recreation. Many practical efforts showed their desire for Christian service. Their thanks go to Dr. Ruth Bartholomew for her guidance and help.

Recommendations of the M. Y. F. Committee meeting August 24, 1949

1. We recommend that Shedman Jakarasi become the

new Conference Secretary of youth work to take the place of Richard Chikosi. His expenses shall be provided for by M. Y. F. offerings and the money we have on hand in the treasury.

2. We recommend that another M. Y. F. Training Conference should be held the first of next year at Mutambara January 5th through the 8th.

3. We recommend Eric Munjoma as Conference Treasurer of the M. Y. F.

4. It has been recommended to send to America for more literature for the M. Y. F. programme. 1. 50 Programme Quarterlys 2. Old magazines such as Highroad and Classmate. 3. 100 Pamphlets called "Memo on Methodist Youth Fellowship."

5. It has been recommended that the M. Y. F. Commission Books; Community Life, World Friendship, Worship and Evangelism, and Recreation should be revised to fit village life and translated into Shona by Eric Munjoma, Ebson Zimonte and Mildred Taylor. This material shall be added to the other pamphlet that was prepared at the Nyadiri Training Conference. More games and suggestions shall be added to the booklet prepared by Dr. Bartholomew before it is reprinted.

Mrs. Blomquist chm.

3. Board of Evangelism

1. We express appreciation for the good work of the Wabvui bands. We recommend that the chairmen of these bands be elected by the Quarterly Conference and consider that the Wabvui should be composed of full church members only.

We regard the Wabvui as under the direction and control of the Quarterly Conferences and subject to the suggestion and leadership of our African ministers. All-night meetings we regard as unwise.

2. The annual review of local church membership asked for by the African Christian Convention is already provided in our church discipline. Stewards and other leaders are not permanent officers, but are elected on an annual basis.

3. We recommend that Christian literature be provided for patients in hospitals and leper camps, prisoners in jail, and farm laborers, and suggest that our Sunday School lessons might be one type of literature so used.

4. We urge that our Ministers get into touch with those members working in urban areas who leave their families unsupported at home, and remind them of their Christian vows and obligations taken at the time of marriage.

5. Attention is invited to the following items from the Central Conference minutes which we fully indorse:

"We continue to recognize the effectiveness of church

revivals and camp meetings as a means of evangelism. Well organized campings utilized the method of house to house visitation by teams of laymen and laywomen, special prayer, and every member - win - one have netted great results."

6. We recommend the adopting of the following program of Advance for Christ and His Church:

1. Period of preparation and study.

2. Dedication.

3. October: Preaching Missions.

4. Program of action.

a. Increase the giving of our church by a third.

b. Personal evangelism.

c. Religious education.

5. November to June: Preaching program on eight themes:

November—Faith in God.

December—Faith in Christ.

January—Faith in the Bible

February—Faith in Love.

March—Faith in Prayer.

April—Faith in Immortality

May—Faith in the Holy Spirit.

June—Faith in the Kingdom of God.

7. We reemphasize the program of evangelism as printed in the 1948 Conference minutes and urge our members to give it their attention.

8. Again we emphasize the value of the following as evangelizing agencies:

The Class Meeting, Rukwadzano, Youth Fellowship and Sunday Schools.

M. J. Murhree, chm.

R. C. Gates sec.

4. Board of Hospitals and Homes

This Committee asked Dr. Sheldon to investigate the possibilities of securing material for Visual Aids in connection with our Health Teaching Program.

We wish to re-emphasize the importance of giving a place in our School of Nursing Curriculum to Religious Education.

It is recommended that the taking of some responsibility toward the support of the two Homes in our Conference for motherless babies be considered by the African Missionary Society. Mr. Daniel Makutu was asked to bring this subject before the President of the African Missionary Society, with the view of placing it on their agenda for their next meeting.

The prayerful interest and material contribution of the Rukwadzano, Sunday School Groups, and others toward our work in caring for motherless babies is deeply appreciated. Also, appreciation is expressed to those who assisted in the repair of huts at Washburn Memorial Hospital.

We wish to emphasize the need for the spirit of christian service among the people using the medical facilities of the Mission. Our hospitals are for the Africans and those who enjoy its privileges ought to recognize their responsibilities to its maintainance.

The subject of African nurses, salaries was given serious consideration. Dr. Sheldon was asked to make an investigation, of salary scales at other Mission hospitals. If, after this investigation he con-

siders the scale in our hospitals should be changed, we should act accordingly

5. Board of Lay Activities

Recommendations :

1. In view of the danger of employing or keeping the teachers who have fallen into sin, this Board asks the Conference to discuss the matter and make a permanent rule of restriction to the advancement of this act.

Amendment: (moved by M. J. Murphree): We should not have more schools and classes than can reasonably be staffed with Christian teachers.

Amendment to the Amendment: (moved by C. E. Fuller): The Pastor, together with the Stewards of the Church and School concerned, shall send their signed request for the removal of a teacher guilty of serious wrong doing to the Superintendent in charge.

2. That the Conference revise the rules which are not in the Discipline, and make a booklet of such :- such rules as "the cake and the cutting of same", use of crown, and wedding veil, and other matters of such type which may be found in previous Journals.

3. That time be given to the leaders of Church organizations to give reports for their particular activities (a circuit report for each organization) to the Quarterly Conference.

4. That, since questions have

sometimes come up at stations about teachers who have left without the knowledge of the Church leaders, we request the District Superintendents to notify the Church leaders of the transfer of the teachers.

5. That the attention of the District Superintendents and others be drawn to paragraphs 1, 2, 5, and 6 of the Report of this Board in 1948 (cf Journal 1948, p. 74), with the request that they be put into practice.

6. That the Superintendents try to choose 1 or 2 married and experienced teachers with good character to help young teachers at Umtali School. If married teachers are not available a good single aged teacher with good character may be appointed.

7. That a closer cooperation between Superintendents, Ministers, Teachers, and other Church Leaders be promoted to prevent such habits as Sunday Sports, Secular Sunday Concerts etc.

Committee on Interdenominational Relations

1. We recommend that in receiving a number from denominations with which the Methodist Church does not have reciprocal relations, it be our policy to receive a full member only after such a person has severed relationship with the organization of which he or she was a member, and shall have demonstrated satisfactory faith and life for six months to the receiving Quarterly Conference of the Methodist Church.

2. Further, we recommend that a member wishing to be transferred to a denomination with which the Methodist Church does not share reciprocal relations will not be given a letter of transfer, but a letter of withdrawal.

3. We recommend that the Conference accept the proposal, with one amendment, that a minister be appointed to Salisbury for the programme of the United Methodist Church. The amendment, in accord with the intention of the Proposal, agreed upon by the Methodist Council, is that "the Superintendent appointed by the Conference be listed as a consultative member of the staff."

4. Amendment: We recommend that the following reasons be given to the Methodist Synod for our refusal to cooperate with them in a Joint Theological School:

1. The Conference rule on the use of tobacco.
2. The lack of agree-

ment on one place for the location of a joint school.

3. Committee on Investigations **No Report**

5. Committee on Resolution

We came with the prayer in our hearts, "Lord, we want to see Jesus." Through our morning devotions led by our Bishop, we looked into a mirror, saw a picture of ourselves and not a very nice one. An unforgiving spirit, lack of faith and confidence in God and other people were evident, but we saw a Cross behind, giving out sufficient power to create us into new beings worthy and ready to fulfill our Master's calling. We thanked God Almighty that He thus spoke through His servant, our capable Bishop.

We regret that Mrs. Booth was unable to attend our conference this year. However we thank God that she chose to stay with the Springers during Mrs. Springer's last days. We know she must have been a comfort to them.

As new missionaries have been arriving at our different stations during this year, our hearts have been gladdened and encouraged indeed. But when on the first day of conference,

in response to Bishop Booth's invitation, these new recruits took their place at the front of the chapel a great surge of emotion swept us all. There stood thirteen new workers from three nations, Norway, Sweden and U. S. A.

We are truly thankful to God for this sign of Advance, but great as it is, the need in Rhodesia is so great that we urgently request the Advance to continue (See list Supt's Report).

Furloughs come and go, and always we look forward to seeing again at conference time those who have returned during the year. The group this year includes Rev. and Mrs. Gates, Rev. and Mrs. O'Farrell, Rev. and Mrs. James and the Misses Tubbs and Whitney.

However the group of missionaries has also been made smaller by those who have gone on furloughs the past year: Miss Jessie Pfaff, Rev. and Mrs. Q. C. Roberts, Mr. and Mrs. Jewell Thacker, Rev. and Mrs. M. E. Culver, and Mr. and Mrs. Tudor Roberts. In addition to these Rev. and Mrs. Howard Buies and Shirley and Miss Ruth Bartholomew who have been with us for a year returned to their homes. We wish to express not only our regret at their going but also our appreciation for their service while with us.

And there's another group of people. At every station in our conference they are with us. At Mtoko it is Miss Forrest, who with her en-

thusiasm and interest in her work has contributed much to the success of the school and Christian community life. At Nyadiri Miss Cantrell has quietly but surely slipped right into the hearts of the Missionaries and African people alike. Also it is there that Miss Buttfield is honored and loved for her public health work. Mr. O'Hara at Mrewa has won adoration and respect by just being himself. He is doing excellent work in the field for which he was employed, but equally as much appreciation is felt for the many extra jobs he sees that no busy superintendent would ever find time to do. Jobs like mending the screen to keep the cat out, or tidying the workshop. His scouting is also muchly appreciated. The Dugmores again receive our thanks for their untiring devotion to and interest in the work at Mrewa. And of course there is Miss Martin with her untiring efforts and interest in our work there; and who has been tirelessly working on the Reports in order to secure an early publication of the Journal. The Finlaysons and Miss Ellener have made their contribution felt in the Hill Top School in Umtali this year. At Old Umtali Mrs. Reich, with her evangelistic zeal, her talents in music, and her excellent professional qualifications, has given much. The deBriijn family at Mutambara has long been with us and we cease to think of them other than "One

of us." Words do not express our thanks to these fraternal workers in Gods vineyard.

We are happy to have received Miss A. Miller from our work in Angola, Miss Pat Williams (with her wonderful voice) from the Mount Selinda Mission, Mr. Carter and Miss W. Sprakes from the Methodist Synod, Mr. P. Bevan from the British and Foreign Bible Society, and the government inspectors, Mr. Davis and Mr. Stuart, discussed school matters in connection with our mission program.

We note that among our ministers homes during the conference year that Christian weddings took place. We wish a happy life and truly Christian homes to the new families.

During this conference year the babies which were born among the families of our ministers are as follows: To Rev. and Mrs. M. E. Culver, a baby girl, Tara Elyssa. To Mr. and Mrs. T. Roberts, a baby girl, Katherine Loise. To Rev. and Mrs. I. N. Munjoma, a baby girl, Maurin Eudora. To Rev. and Mrs. J. Chidzikwe, a baby girl, Margaret Tonatseyi. To Rev. and Mrs. K. Choto, a baby boy, Moses Tigere. To Rev. and Mrs. D. Musingwini, a baby boy, Muchenje Victor. To Rev. and Mrs. Nason Chigubu, a baby boy, Bartholomew. For these babies we thank God and we hope that they will be brought up to be members of His Kingdom on this earth.

We gratefully record our

appreciation of the visit of Dr. and Mrs. Smith, Executive Secretary of the Board of Missions and Church Extension. Their congenial and warmly fraternal presence with us was a joy to Africans and Missionaries alike. Our thanks go to Mr. Frank Jackson and his staff of printers for their excellent and prompt response to our need for their services.

The days at Old Umtali have been a time of spiritual up-building. We give our hearty thanks to the conference hostess, Mrs. Murphree, for her skillful planning and guidance before and throughout the conference week. Baba Maciwenyika and Baba Mutsago and their group of boys fully deserve a word of thanks for doing their part in kitchen and in the dining hall. And the hostesses in whose homes we have been so comfortably kept have done a wonderful job. To all entertainers at Old Umtali we say:

Thousand thanks be unto you,
Who gave us friendship,
shelter,--stew.

If we might express a wish for another conference it would be that a separate room could be made available where people at anytime during conference would find silence for prayer.

Student Loan Committee

It is recommended that the funds for the "Area Scholarship" in the future be considered as a

Loan Fund and be handled by the same rules as the "Student Loan Fund" as follows:

Purpose: The aim of both of these funds is to assist worthy African students whose purpose is to continue their education beyond Std. VI in order to return to serve in the Methodist Conference in Southern Rhodesia.

Loans: Money shall be loaned only to students who are the members of the Methodist Church in good standing and who are considered to be worthy of assistance. These loans shall cover school fees only and shall be paid directly to the Principal of the chosen school, and he shall be requested to make his receipt in duplicate, one to be given to the student and the other to be returned to the Treasurer of the Fund. No Funds shall be given directly to the student himself. The student who accepts such a loan shall sign a contract promising to abide by these rules.

Furthermore, there is to be a plan agreed upon by the student in advance for repayment to the Loan Fund through the medium of his employer.

Further, it is understood that the Treasurer is not authorized to pay out funds unless the student has been recommended by the Committee.

Repayments: After completing his schooling, the student is expected to return to work in the Methodist Conference at the current rate of salaries paid similarly qualified persons. In the first year of his service he shall repay not less than the amount he borrowed the first year not less the second year,

than he borrowed the second year, etc. However, the loan can be repaid as quickly as he wishes. It is expected that the student shall work in the Conference no fewer years than he received help, and it shall be required that shall remain in the service of the Conference until the loan is repayed in full unless he is discharged from such service. Further, if he is discharged for any reason whatever he shall still be responsible for the repayment of the loan.

In case the student should die before the loan is repayed, it is clearly understood that repayment is not expected, and that his parents or other relatives are not considered responsible.

Applications: Application forms may be secured from any District Superintendent, or Principal of our central schools, from the secretary of the Student Loan Fund. Each applicant must be recommended by his District Superintendent. The completed forms must be in the hands of the secretary of the Student Loan before conference if the applicant wants to receive a loan for the next year. High priority will be given to those who, without the loan, would find it impossible or very difficult to attend school.

In case the student wishes to secure a loan several years in succession, he shall make out a new application each year and on it indicate how many years he has received a loan.

Each June the secretary of the Student Loan Fund shall write to the Principal of each school attended by a student with a

Student Loan and ask for a report on both his character and scholastic record. In case of a poor report on either item this loan will not be renewed.

The District Superintendents and teachers recommending students for these loans are urged to recommend only those of good character, ability to do the work attempted, and in real need of a loan. When loans are given to those who do not need or do not deserve them, other worthy students are denied help.

Since the rules for the Loan Fund are being altered this Conference, the secretary of the Fund will send to each District Superintendent and to the Principal of each of our central school new application forms with the new rules. All application forms must be in the hands of the secretary not later than October 1. No applications received by the secretary after that date will be considered.

The secretary of the Fund will also send copies of the new application and rules to all who have already applied for Area Scholarships and Student Loans so that they may reapply if they wish to under the new conditions.

We recommend again that Student Loan Day be observed throughout the Conference on Sunday Oct. 19, or at another time, and we request a generous response to replenish the Loan Fund so that many worthy students may be helped.

For information, the Student Loan Committee is made up of:

Principal of Hartzell Training School

Headmistresses at Nyadiri and Mutambara

Conference Treasurer

African Pastor at Mtoko

Kenneth Choto.

There is still available some money £275-0-0 in the Crusade

Scholarship Fund for students wishing to attend school in The Union. Those desiring such a scholarship should write direct to the secretary of the Fund for information.

E. SUPERINTENDENTS**Composite Report****The District Superintendents
of Rhodesia Annual Conference**

Bishop, Fellow Members and Associates in the Rhodesia Annual Conference:

In place of over 20,000 words in the read reports and 16,500 in the printed reports

of the Superintendents in 1948, we have been asked to give one brief composite report. From about 18,000 words from the Superintendents, we seek to condense all into an understandable and brief report totaling 6000 words.

Reports of advance, difficulties, problems, and plans cannot be omitted. Shall the

sermons be scratched out? To do so might stifle the God given impulse to nurture spiritual life. It must be included. May the clock be kind and slow.

In order that you may know where to sleep and where to wake, we will outline the plan of this report.

The Organization will be according to subjects rather than to districts. 1st, we will be thankful for *people*. 2nd we will speak of the *Work with Hands*. 3rd, we will deal with *Education*. 4th, we will think of *Medical Aid*. 5th we will be reminded of certain *Social Movements* among the people. 6th, we will consider the *Affairs of the Church* as a distinctly religious, evangelizing fellowship. That these are purely artificial categories goes without saying, and that they overlap is obvious; but we must have "organization" and this is it.

Under each division, where possible, the plan will be to note advances, failures, problems, then plans. If you know where to say "Amen," "Alas," "No No", or "Let's Go", we will be more than content with the effort.

PEOPLE

It is the desire of the Superintendents to thank God, the Bishop, the Board, and the Budding New Missionaries for the new hope in us all at the replenishment of our over-worked and under-staffed personnel.

Old Umtali rejoices in the addition of the Carl Huie family drawn from Mutambara, the addition of Sister Alice Whitney returned from furlough, of Sister Marta Bjurstrom transferred from P.E.A., all deeply interested in their work. The Rev. Frank Jackson, preacher-printer, and his wife entered the printing shop before looking at their new home, and have been busy ever since. Hopefully, the people of Old Umtali look for the new Church and other buildings with the arrival of Mr. & Mrs. Herman Christian, who have left their successful business to help build the Work of God here. The Rev. and Mrs. Kenneth Harper, likewise new Missionaries, have arrived to do district work in the Mtasa Makoni District.

At Mutambara there was delight in the appointment of the Rev. & Mrs. H. I. James, veteran missionaries who, to the joy of their colleagues cancelled retirement to direct Mutambara's development. The coming of the Scandinavian family, the Rev. and Mrs. K. Eriksson, to take up district work gave courage, and the return of Miss Lulu Tubbs from a long furlough, ready for village visitation, caused rejoicing.

In the Northlands, Nyadiri welcomed Sister Marta Johanson, from Old Umtali, exulted warmly at the arrival of Dr. and Mrs. John Sheldon to take charge of the Hospital, saw the impetus to public health nursing given by the

return of Sister Buttfild from England, and was pleased with the services rendered immediately by Miss Cantrell, a new Contract Worker added to the staff.

Long understaffed, Mrewa drew hope from the coming of the Rev. and Mrs. R. C. Gates from furlough, though the Field Treasurership is to occupy almost all of Mr. Gates' time. Then the coming of a Contract Worker, Mr. A. J. O'Hara, from England, with his immediate and enthusiastic entry into teaching and scouting and handcraft brought relief. Finally the surprise appointment of Mr. and Mrs. Barnie Higgs, now ready to go to building Mrewa's new school facilities gave great reason for thanksgiving.

As pointed out by Mr. Murphree, many of these additions are but replacements, sometimes one gained for two lost. Some are transfers of workers from one place to another, or from one task to another. However, in the words of Mr. Huie, we say, "By eating plenty of the bread upon which all missionaries exist (*a hope for more workers*) we look forward to a new conference year with great anticipation.

There are problems of staffing. The *M'toko* superintendent working almost two terms without furlough or holiday, needs relief. *Nyadiri* calls for help in relieving the present district superintendent of classroom and industrial responsibilities, and others for educational work. *Mrewa* with

a vast district and the Principalship of the Centre vested in one missionary, asks for an educationalist to allow both jobs to be done efficiently instead of neither. *Old Umtaali* expects some, but needs more replacements and additional teachers to care for advanced training. *Mutambara* needs an agriculturalist. Such briefly, are the minimum of the missionary staff needed at once.

Every Station cries out for more and better trained African workers. Christian nurses who will love their work, their people, and their Lord more than the glamour and other attractions of city life, in government and commercial clinics are needed. Teachers, consecrated and well trained, some with highest academic qualifications are in demand. As Miss King states, "Should our young Africans who have been Trained as teachers, consecrate their lives to Christ's service and return from other pursuits to the schools as Bible-Women-Teachers, and Pastor-Teachers, thus freeing Missionary personnel for higher education, this situation would be greatly relieved."

We call upon the African Christians to challenge and to inspire their fellows to consecrated service, while we plead with the Church in the Home Lands to send forth more workers to dedicate their lives for Africa in the name of Jesus Christ.

The Work of Hands
There is true dignity in

labour which erects our buildings; ploughs, sows, cultivates, and harvests our crops; makes our clothes, and prints our literature, enhancing all of life. Lack of materials adverse weather conditions and other hindrances have obstructed, but not stopped the advance of our Church in the work of hands.

Agriculture has suffered much in a year of drought. *Mtoko* and *Chikwizo* have suffered famine, with no food to be purchased in the area. At *Nyadiri*, in spite of the diligent care of the pioneer agriculturist, G. A. Roberts, the rains were "so light that very little grass grew....grain came to nothing. Most of the seed planted scarcely sprouted and burned up by the heat of the sun. Both rivers.....are nearly dry." Attempts have been made through pumps (hand and oxpower) to water gardens. The report from Old Umtali is similar. Because of not getting rain at the proper time our mealie crop was very poor", Miss Wildermuth reports, and "our wheat yielded about half the usual amount." Lack of labour added to these difficulties.

Mutambara and *Mrewa* were happy in their harvests. At Mutambara the farm produced its usually fine fruits and grain crops. The people in Mrewa speak, with thanks to God for unusually good weather, and with praise to a tireless African agriculturist and loyal student-workers, of the greatest harvest in their memory.

In spite of the difficulty of securing permits and building materials, great activity has been reported.

Glenada Mission Farm residents (Old Umtali Circuit) have built a church rather than walk six miles to Odzi. Jenya also is ready to build a burned brick church to replace the one demolished by cyclone last year. At Mundenenda plans are now being made to remodel and enlarge their church building. Hopes are now revived for the erection of the new church at *Old Umtali Centre* now that Mr. Christian has arrived with that aim in view.

The first unit of Mutambara's new school building, almost complete, requires more work before it will be opened for occupation. The Nurse's residence and a small Hospital addition are nearing completion, and the Church underwent enlarging operations to accommodate the growing congregations. 80,000 bricks have been made in the past three months for further work.

At *Mrewa*, the new dispensary, as yet unused as such, was remodelled and enlarged to make a residence for the new missionaries. A store-room has been added to and a single worker's residence is emerging. Immediately after the Field Committee a new building, ultimately to be a dispensary to replace the one now a residence, came into being and is used as the office of the Field Treasurer. Foundations have been laid for

a new reservoir, a wing to the industrial building and a new dormitory for which the Government has authorised a loan. Having used 70,000 bricks, the students have made a second lot, this time 50,000, and are eager to burn them, for they are the builders. They want to build.

The new missionary residence at *Nyadiri* made of their own bricks, is nearing completion. An old residence has been remodeled under the direction of the Women's Division, to accommodate a pair of domestic science rooms later to become infirmaries when the new dormitories are built. At the Hospital a Nurses' Training Centre is almost finished, providing classrooms, laboratories, and other essential space. Residences for boys and girls working at the new missionary home have also been erected and are ready for occupancy.

The people of *Nyamutumbu* built their own large cruciform burned brick Church, under thatch, and with cement flooring, all with their own work and contributions. At *Gumbanjera*, *Jekwa*, *Chamapongo*, *Magura*, *Mupfure*, and *Chikore* (Mrewa - Headlands District) new burned brick schools have been built, the large *Chikore School*, with asbestos roof purchased from local funds. The new burned brick Church at *Chigudu*, a fine cruciform structure, is being roofed with asbestos, and is to be dedicated soon after conference. A vast building programme is being

undertaken by Churches and schools throughout the *Mrewa District*, all on a permanent basis.

Typical of the spirit pervading many parts is that described by Mr. Blomquist at Gurure Church in the Nyadiri District, "People came walking up to the Church. But they were not the common type of Church visitors; they were not called this time for church service in the regular way. That irregular service soon started-25 old "wakuru" (adults- big folk) began to make bricks for the new church. This was the result of the faithful work of a teacher and a steward.....'Thank God for every one of these good workers. They have understood the meaning of stewardship."

A different type of work with hands, vastly important, is that of printing. *Rhodesia Mission Press* now announces the publication of the long looked for Hymnal, the near completion of Miss Reitz' Stories from the Pentateuch in Shona, and the planned revised edition of the Primer, Tucece.

Nevertheless there is much to be done. Buildings await construction, farms need cultivation, irrigation, and conservation. *Nyadiri* is crying for an adequate water scheme; a church and other buildings. *Mrewa* must have a new School and water for its boarding departments. *Old Umtali* needs Church and residences. *Mutambara* was granted first priority in askings for a water, power, and light plan.

Above any material need however, is the supply of Christian leadership in agriculture and industry. We must entrust the training of all our agricultural and industrial teachers to others. Naturally the best is not conceded to those who do not share in their training. Furthermore, with industry offering higher salaries than Government or Mission can offer, we face a problem of securing qualified Africans in the face of such competition for their services.

The infant, *Education*, long nursed at great sacrifice by its mother, the Church, has grown so large as to order its mother about, yet insists on being an overgrown suckling. This seems to be the dread not only in all parts of our Conference; but throughout the Colony.

Vast growth in enrolment, in numbers of teachers, in the standards of training, and in the type and variety of equipment and housing is reported. New schools, larger schools, more teachers! For example *Mtasa-Makani* District reports 29 Aided Schools, III teachers, 3474 student' one Std. IV class, and 17 Std III classes. Ten years ago there were not so many teachers and students in *all four districts* in the *South*. *Mrewa* district has 33 Aided schools, 8 Unaided schools, 140 teachers, 4176 students, 1 Std IV class, 13 Std' III classes; more than all the teachers and students in the North ten years ago. The total of these *two districts alone* indicates over 70 schools now as against 115 for the Conference in 1938, 251 teachers now against

184 in the whole Conference in 1938, and 7650 students in these two districts as compared with 7,768 in the whole Conference ten years ago. When the Statistical Report is available we shall probably see at least doubled figures in the Conference as a whole.

With but one single exception every ordained missionary is pre-occupied daily, not with the care of the churches, but the financing, supervision, equipping building, staffing and statistical reporting of our secular education.

With due regard to the lack of Christian experience and knowledge among many of our teachers, we affirm with Mr. Hassing, "We are grateful for the progress of our educational work and we do not forget that through our schools children get daily instruction in Christian faith and living. But we as an Annual Conference must be careful so we in our thinking and our action do not let the Church become an appendix to the School" To this we add the clear vision of Mr. Blomquist, who fears that the Church is so busy building schools that it neglects to build churches.

In *Mtoko*, 2 new schools have been established, one authorised, the other becoming so. *Mutambara* reports 2 new schools with new buildings at Citima and Citoro. In Mangwende Reserve, *Mrewa* District, 1 old school has been re-opened and 3 new ones established, while in *Tanda* Native Purchase Area, 5 churches are operating schools. Eight of these schools are self-supporting,

as is also one opened at Macheke.

The superintendent reports that at *Honde* both "Church and School activities are gradually modelling the life of the old and the young people into a shape which is more Christ like.

Marange-Zimunya reporting 10% increase in student and teachers this year, mentions the work of these schools in providing their own equipment, and glories in the improved work through the local School Committees made responsible for the school development.

The *Nyadiri* Superintendent stresses the importance and results of having Miss Hackler an educationalist, supervising the teaching in the village schools throughout the district. The professional touch is successful. *Central Primary Schools* could multiply their enrolment were there money, buildings, and teachers to care for the students.

Mutambara Girl's School accepted 125 boarders, more than their capacity, "because it seemed impossible to take less." Stds V & VI made and now wear their new blue skirts and white blouses as their Sunday uniform. Honours for the first term in cleanliness and neatness went to the Junior girls who, in a renovated former domestic science room, have spiritedly made an excellent dormitory. That the girls, working two afternoons a week, have made 30,000 bricks towards the new building programme is a testimony to their outlook.

Three sessions of school are being run daily at *Mtoko* where 450 students, three-fourths of

whom are day students, run a chequer-board schedule of academic, industrial, and recreational activities. They are now "reaping the benefit of starting last year a Standard V with teacher training in Sab A, enabling them to "supply the out-station schools with, suitable teachers." This, it is reported has created "happy friendship from top to bottom classes," and "helps to cement the bond between the Centre and Reserve"

At *Mrewa*, with 254 boarding boys and 130 boarding girls, all under trusted Africa Boarding Master Mabisa and Boarding Mistress Chikoore, together with a Prefect System, there is the attempt at self government with a minimum- yet strict discipline upon the part of the missionaries. The rich harvest and steady building Programme is due to trustworthy African teachers and loyal student working hand in hand with their missionaries. The girls are proud of their rust coloured uniforms which they made early this year for all Boarding girls. Development of Art under Mrs. Dugmore is promising.

Old Umtali reports that, "due to lack of workers, the industrial part of the programme has suffered most but with the splendid cooperation of all those who labour in the "training of hands" they are edging forward. The question has been one of "adequate staffing and supervision" In the *Fairfield Girls' School*, 140 girls are enrolled, with much crowding and with four lady teachers. Insufficient help accounts for the temporary

closing of Takwirira Practice cottage.

With more applications than room, *Nyadiri* suffers the "Lack of Missionary and Africa staff," but enjoys the zeal, devotion and enthusiasm of the school Mistress and a "helpful and good" through inadequate staff. A smaller Girl's Boarding enrolment is compensated for by the "scholarship and character of girls." The lack of staff too, "has been more than made up for by the whole-hearted cooperation of the lady teachers in the supervision of the boarding department as well as in the classes," and by the help of men "of the character of Baba John."

Teacher Training is carried on now only by Hartzell Training Department at *Old Umtali*. "There are 50 teachers in training, 22 of them are in senior class." Their problem, beyond that of material facilities, is one of constancy of staff.

From *Nyadiri* comes the word, "Little girls who don't know what they can do next year if they pass Standard VI this year, keep ever before us the crying need for secondary schools and *Higher Teacher Training*."

Mtoko reports "lack of equipment and lack of trained teachers are the great obstacles to satisfactory development and progress and in the education of the young the Christian character of the teacher is the most important factor."

There is no use criticising the quality of the teachers employed,

when we do not train sufficient for our schools. *Mrewa*, with two large Standard VI Classes is concerned about the future of three-fourths of the graduating class who, unable to enter teacher training, secondary schools, or industrial education in the overcrowded schools of the Government and of other Churches, and too young to teach, are limited by a meager quota at Hartzell. What is their future and that of the schools needing trained teachers?

The Superintendent of *Mtasa-Makoni* district pleads that "we need not only teachers who are able and willing to teach Standard IV in the Reserves, but also those who are able to act as Assistant Superintendents." Others confirm this need and the necessity of our Church providing more adequate facilities for teacher Training Secondary education not with sectional, but with Conference-wide needs in mind.

In reporting the Theological School at *Old Umtali*, the Principal calls their class a "Select group, experienced teachers and Christian leaders with equally fine wives revealing their dependability" as they enter the spirit and life at *Old Umtali* Mission. Now where the one Rhodesian to finish this year, will be appointed, with six districts needing ministers, is for Conference to say.

This educational report is clear in certain points:

1. Our Village schools need more and better supervision,

2. There is a need for increased number and quality of African Teachers and Supervisors.
3. Schools and teachers need the sense of security and continuity of steady and continuing appointment.
4. Facilities for Primary and Higher Teacher Training and Secondary Education as well as Post-Primary Industrial Training are in demand.
5. None of our work should be so large and institutionalised as to miss the central aim, noted by the *Mtoko* Superintendent and others, of stimulating the Christian character of the Teacher.

MEDICAL AID.

Rhodesia is fortunate in the excellent quality of its Methodist Mission Hospitals and Clinics even though all are under-staffed. Each centre has its nurse or nurses and doctor with the exception of *Mtoko*. Throughout the districts, however, the need is great and to date not met except by drain on the staff of the Centre.

Nyadiri is pioneering with a public health nurse, Sister Buttfield, who armed with D. D. T. preventative and curative medications, and with good sense visits schools, and villages, examining over 1,500 children many of their parents, teachers, and friends, and

rendering treatment, giving health talks, and advising in the campaign against malaria, small-pox, diphtheria, whooping cough, bilharsia, and the common ailments.

At the *Nyadiri Hospital*, Dr. Sheldon, assisted by Sisters Ashbey and Johansson and Buttfield, carries on an enlarging programme. By vote of the Field Committee this Hospital will be the centre of Nurses and Orderly Training. With 56 beds capacity for in-patients, 2334 were admitted to 22,082 days of care. In training are 22 student nurses, with two trained Nursing Orderlies and assistants employed. In the out-patient department 2,179 were given a total of 13,396 treatments. There were 63 maternity cases delivered. In the Baby Fold there is a constant group of about 20 babies, six returning to their fathers' homes during the year.

Sister Whitney, for a time working alone, is now assisted by Sister Marta Bjurstrom at the *Old Umtali Hospital*, where in eight months there have been over 150 maternity cases delivered, with many patients, in both in-patient and out-patient department. The Fairfield Orphanage, now transferred to the Hospital, cares for motherless babes, Sister Marta conducts the Fairfield clinic twice weekly. Without trained African assistants, the work demands all of the nurses' time and energies.

Though near the Government clinic at Mrewa, Mrs. Fuller, aided by a teacher's wife, a Standard VI boy and girl, all of whom she has trained, are guarding the health of students and villagers at the Mission, as well as of hundreds from the district. 728 received 14,837 treatments. In ante-natal and midwifery cases the assistance of trained nurses, now married and living in Mrewa, has been much appreciated by those choosing to have the care of Christian nurses rather than go elsewhere.

The medical work at *Mutambara*, "greatly needing to have further buildings" is growing rapidly "That there are funds coming for this work is encouraging. For the year there have been 797 in-patients admitted with a total 11,723 days; 3,167 out-patients registered with 19,521 treatments given. There have been 74 maternity cases." Sister Ruth Hanson has earnest hopes that this work which is now bearing fruit, will have enlarged hospital accommodations.

Honde District has its Honde Valley Clinic, where "many people come for treatment of various complaints. Each time before people are given medicine, the orderly or the nurse tells the patients about Christ and His Love. This method has made Christ reach many hearts of heathen people."

That we need Christian trained African Nurses and Orderlies is evident. The

appeal of money, the glamour of cities and other attractions of commercial and government employment must be offset by a training which will instil the spirit Christian service.

SOCIAL MOVEMENTS.

Agencies are at work among us which can be used for good if properly employed. The vision and wisdom of leaders in various districts have brought fruitfulness to these movements

Scouting and Wayfaring: The Roman Catholic priest in charge of Scouting in the Northern section recently said that the best Boy Scout Troop in this section was one at *Mtoko Mission*, under the direction of Miss Forrest. In reporting this work the Mtoko superintendent says, "Our success in Scouting and Wayfaring.....a bond between staff and pupils, is a happy fellowship by which discipline is made joyous.....and a link is kept with Scouts and Guides all over the world."

The second annual Scouting and Wayfaring Day was held at Mrewa in July, with Wayfarers from Mrewa and Mtoko Districts participating along with local Scout Troops in a special Church service. With Mr. O'Hara, commended by Sir Baden Powell for his work in Scouting and Miss Forest, whose leadership was recently cited by Lady Kennedy, plans are now emerging to develop Scouting and Wayfaring thro-

ughout the Northern section areas as adjunct of Christian evangelism and education.

The *Rukwadzano*, uniting the Christian women, has made its practical and evangelical influence felt from North to South. A Native Commissioner discouraging an application for a bus to carry "a few" women to the Northern Convention, was shocked when nine bus companies numbering over 20 buses and trucks, carried women to the Headlands Meeting, some making 2 or more trips to do so. *Mutambara* commends the work of these women in that district. *Nyadiri* district mentions as the Bible Days at Chitimbi, where women were trained in Bible appreciation. In Mrewa, at the request of the young people, women of the *Rukwadzano* are meeting with the girls to talk of Christian morals and the relation to courtship and marriage. Many practical tasks await these women eager to serve their Lord.

Men's Movements: Under various headings the men are meeting, some as "Fishermen," some as "Methodist Men's Fellowship," and various names. In Mrewa district the entire evangelistic effort has been largely due to the zeal of these groups, assisted by the *Rukwadzano*. Excesses, all night meetings, and undue emotion have been reported; but the men have shown a desire to be guided and corrected, and in this spirit have been a most con-

structive influence. In one village they won four times as many converts as the pastor thought the law would allow the Church to receive.

Marange-Zimunya, appeals that the unorganised men's groups should be organised by the Annual Conference, leading it to become a powerful and useful Layman's organization, responsible to the Quarterly Conference.

Growing is the *Methodist Youth Fellowship*, with its numerous varieties due to the different backgrounds of its advisors. Teachers coming out at Hartzell Training School, Old Umtali, have spread the enthusiasm and knowledge of the Youth Movement to other centres and to the villages. Mr. Blomquist, concerned about "how to get the evangelistic fire in our young men," set up a training camp for boys this year, and plans to do the same for girls in the camping year, at which an attempt is made to reach them with the Christian message. *Nyadiri* District was likewise the scene of the Special Youth Fellowship Institute in January, when Northland leaders were trained.

Our African Christians, however lacking in training or experience are becoming increasingly conscious of social needs. School Improvement Committees are reported in different districts. At *Nyadiri* the Church Membership selected a *Hospital Advisory Committee*. The Youth Fellowship in Mrewa asked the

Quarterly Conference (East) to set up a *Council on Youth Relations and Marriage*. A group in Headlands has now concerned itself about the care and training of *Albinos*. The Rukwadzano and the *African Women's Institute* have both called for campaigns for *cleanliness* and for *Ante-natal and Post natal Clinics*. The *Central Africa Filming Unit* has sought and found aid from the Methodist Church in its making pictures for and by Africans.

The *African Girls' Hostel in Umtali* is a live social agency. Caring regularly for 61 girls in residence, together with 6 teachers from Hill School, and 16 more living at their places of employment, the Hostel provides not only a place to live while in town working, but also a training in hand-craft, facilities for recreation, opportunity to worship, learn and serve in Christian fellowship and friendly council. Through giving a concert at Moffat Hall, and in "Open House" and Show Day at the Hostel, they have helped purchase beds. The girls help conduct Sunday School for the children of the Police Camp in the Hostel Prayer Room. Governor and Lady Kennedy, visiting the Hostel on May 9th "expressed their approval of the Hostel and wished us success in our Training Centre and other future Progress"

Such are some of the agencies through which the Methodist Church is meeting the

social needs of the Africans in Southern Rhodesia.

AFFAIRS OF THE CHURCH.

As a "distinctly religious evangelizing fellowship," we must confess our pre-occupation with many things building, gardening, printing, finance, teaching, administering, healing, organizing etc. Thus the Church is living as it gives itself for all needs of mankind. However, as much as our Ministry is engulfed in these so-called secular matters, sanctified, we trust through the Christian Spirit, the Districts report spiritual advance.

We believe that the goal set by the Conference on challenge by the *Board of Evangelism* in 1948 has been met. Our Statistician will probably given us that answer with authority.

That the *Sunday School Movement* has been outstandingly successful is shown wherever it been encouraged, and the Director of Religious Education will detail the position for us later.

Stewardship, frequently misunderstood, is at least being taught, frequently referred to, and occasionally practised. There is promise.

Mtasa - Makoni District reports "More people are seeking membership in the Church ... New Preaching Points have been established." Many have

been received and baptised and while "Many of them are young, baptised as children and grown up in Christian homes... we still find gray-haired men and women kneeling down to receive Holy baptism." This advance is largely credited to the large number of local preachers... volunteer workers "About whom it is said "they are not always appreciated, and their faithful work for the Lord and His Church is not often recorded, but they are accomplishing at task fundamental and vital to our whole Church development."

In the Honde district there is evangelistic activity reaching into new places, with Chief and Headmen welcoming the opening of the new preaching and teaching places "where the Macedon calls for teachers are increasing...and some hungry souls are getting the opportunity of hearing the Gospel message which many have not heard..... Muparutsa, Zindi and Cikomba,...are also waiting eagerly for teachers.

The strong movement evangelism noted in *Mrewa* district has been due likewise to Local Preachers, the Men's and Women's groups, the untiring efforts of the Sunday School Supervisor, Mr. Choto and the daily pastoral effort of devoted pastors. A growing nucleus of Christian, consecrated village teachers is a boon to the evangelistic effort.

Home evangelism was particularly stressed in *Zimunya*, where efforts to save people

resulted in the evangelistic visitation of over 500 homes on many occasions.

Mtoko reports evangelism in the school, where "Our aim is not only to educate but to lead every student into a real experience of the Christian life" and where they seek to gather all...students into the fellowship of the Church. Classes for instruction and testimony are held throughout the year. The Sunday Services for Preaching are very well attended.

Despite difficulties, *Chiwiza* is developing confidence of the old and young, who attend services in large numbers

The *Theological Class* at *Old Umtali* is meeting the challenge of field work in that circuit, making field trips to evangelize and to foster Christian fellowship.

Through the Men's Bible Class at *Nyadiri* Centre, through the attention to Preparatory Membership Classes, through the Rukwadzano, and through the faithfulness of ministers, people in *Nyadiri* "are awakening to the fact that there is much to be done in the Lord's Vineyard. A number are seeking deeper Spiritual Experience."

Bewailing the tendency of our Missionaries to take "the short way by carrying many of the responsibilities ourselves," the *Marange-Zimunya* superintendent reports his conviction "the longer way of preparing African leaders to carry the work is the surest way to the Promised land of self-supporting, self-propagating, self-governing Church in

Africa." The experience in that district where locally elected treasurers and other officials have taken their burdens has been to encourage the development of this line.

From *Nyadiri, Mtasa-Makoni* and elsewhere come reports of the assistance to understanding of Christian Stewardship given by Miss Reitz. Church Treasurers are now operating in both these districts though learning their work tardily. In Mrewa a truck owner using his Vehicle for several expensive trips for the Mission, refused to take a penny for his services, replying, "Please don't take away the joy in my heart for doing this for my Lord." Gifts towards the *Old Umtali Church* from various parts of the Conference indicate ideas of stewardship, as does the support of the Chikwizo Mission.

CONCLUSION.

We join with Mr. Bourgaize in saying: "This has been a hard year in many ways, but we are full of thanksgiving that God has been near and helped in time of need,"

There is much for which to rejoice: New missionaries, fine new Christian African Leaders, and dependable old workers, Production of crops, buildings and books in the face of obstacles, increase in the number and quality of our educational efforts, better personnel and programme of medical aid, Christian social Movements to aid the people, Evangelistic and Spiritual advance.

As Mr Murphree has said, "With the continuation of a spirit of cooperation and with loyalty to the high ideals as exemplified by our Master let us press toward the mark for the prize of the high calling of God in Christ Jesus."

Our failures are our own. If personnel is loaded with secular affairs we have done little unloading. If leaders are not preparing, them. If our ideals of service are low we have failed to left them with a challenge of the Cross. If our Church grumbles under the load of schools and government bureaucracy we have failed to maintain its unique position as the Body of Christ, bearing its Cross but thereby saving people. May God forgive and correct our errors.

In the words of Mr Hassing, we would prayerfully close our report: "We now bring before our Lord ourselves, our failure and our success, our joy and our problems, with the prayer that we may be found acceptable unto Him, and that He will lead us from power to power, from light to light."

Respectfully submitted,

F. MISCELLANEOUS REPORTS

I. Secretary of Literature and Stewardship

There cannot be an adequate report of the Secretary of Literature and Stewardship this year, without first voicing heartfelt gratitude for the coming of our missionary printer, the Rev. Frank Jackson: also for the gift of the Chevrolet truck, which is proving such a blessing in reaching the villages remembering with special appreciation the help of Bishop Booth and Miss MacKinnon in obtaining it for our use. As its sole *raison d'être* is for the spread of the Gospel message and the strengthening of our people, it is dubbed the "Gospel Chariot."

Our program the past few months, since the coming of the truck, has included visits to a number of the North country stations, including Chikwizo, a Quarterly Conference in the Nyadiri District, a District Conference, a Bible School for women, and two calls on neighbouring farm workers. Enroute to Conference three weeks were given to the Chiduku Circuits. This second visit to Chiduku shows the value of repeat presentations of Stewardship in the churches. I was myself surprised at the increased number of tithers joining the ranks, though I found many who had imperfectly understood the tithing plan, and so was able further to enlighten and encourage them. Some of the

testimonies were heartening. One steward at Muziti should be encouraged to go other stations with his message of the joy he has found in using the "God's Acre" plan. Beginning it only with his truck gardening, he is this year extending it to the tithe of his fields as well.

By use of the question hour we have obtained information that will be valuable in guiding us in our writing for the people.

This has been particularly helpful in understanding the type of material to send out to counteract Apostolic and Seventh Day Adventist propaganda, which will soon be ready for use in pamphlet form. I should like to recommend that districts, where these movements are troublesome, include these pamphlets in their regular budgets so that information may be broadcast freely among our people there. Recently a call for help caused me to send a copy of our material to one of our members troubled by the Adventists. There report came back that they were effectually silenced.

Home problems are also brought to us during the question hour. In one station a little mother rose three times with the question as to what a woman can do when she is brutally beaten for refusing to brew beer for her husband and to worship the spirits. We gave all the encouragement we could for the moment, but feel it imperative that for such sufferers the printed word be sent out for encour-

agement and strengthening, and expect to use paper scrap for printing scripture portions for this purpose. I had gone to that station to carry a message of stewardship to the people, but it was I who gained the greatest challenge that day--a new sense of our stewardship personally and as a church for the souls and bodies of our women, so many of whom are mere chattels of the families into which they have been married.

At last the first book of the series of Old Testament Stories, covering material from the Pentateuch and the story of Job, is in hand and will retail at 9d. each. The first two books of the Story of Jesus are in the hands of the printer. First, there is need of reprinting The Beginning Lessons in Shona, but all of these are expected to come from the Press before the end of the year. That will make possible the promotion of the Laubach Adult Reading program. Judging from the requests for instruction in reading that we have received on our travels, I am convinced that there is a real opportunity ahead of us.

It is with great pleasure that we announce that Mrs. Huie's excellent work on the pre-Primer material is about ready for publication. Great care has been expended by Mrs. Huie on obtaining just the right illustrations, which have been photographed for the book. For the furtherance of the distribution of literature, the following recommendations are made:

(a) That there be a closer cooperation on the part of District Superintendents, ministers, Ru-kwadzano members and local pastors in bringing our people to a greater sense of the value of using devotional literature.

(b) That all of us may make a wider use of the pamphlets and booklets available for distribution among our friends, both the unsaved and those in need of strengthening and encouragement. This is an excellent way to use part of one's tithe.

(c) That the cooperation of ministers and other leaders in recommending to stores in the Reserves and in the towns the advantage of buying Christian literature for sale to the people of their communities.

For the promotion of the stewardship program recommend:

(a) That the ministers and pastors make use of minute men in the church services in the interest of reaching our 1950 goal of one third increase in giving and in the interests of the tithe. Happy tithers should be asked to give their testimony before their own congregations and those of neighboring churches.

(b) That there be a wider and more faithful use of the stewardship literature sent to the stations from time to time.

(c) That all ministers encourage the organization and strengthening of tithers' bands in their churches.

(d) That we all be more faithful in the stewardship of prayer on behalf of our church

in Rhodesia. Can any of us here shut his eyes to the fact that there is closing in upon our people a growing spirit of greed and love of the world, as well as a low moral standard that is reaching down even into the lives of our young children? It is evident that the world of today is full of greed and sin. But we are stewards particularly of the Methodist Church in Rhodesia. The Secretary of Stewardship would therefore call upon all true lovers of Christ to give themselves to at least a half hour each day, preferably the first thing in the morning, the pleading that the Spirit of God descend upon us mightily, a Holy fire that will purify His Church and set it aflame not aflame for the school, nor for the medical work, nor for literature, not even for the Methodist Church--but aflame for God Himself.

Set us afire, Lord;

Stir us, we pray.

While the world perishes

We go our way,

Purposeless, passionless,

Day after day.

Set us afire, Lord.

Stir us to pray!

2. Director of Religious Education

A look over the field of Religious Education in the Rhodesia Annual Conference reveals spots, some bright, some dull. This report on Sunday Schools might be presented in glowing terms or it might be

presented in pessimistic terms. In either case the picture would be true depending upon the particular Sunday School used as examples. The report, while attempting to reveal conditions justifying encouragement, will not fulfill its mission if it does not point out the weak spots which need strengthening and if it does not picture to an extent the Sunday School work of the Rhodesia Annual Conference as a whole.

The training of the Teacher Training pupils and of the Theological students at Old Untali in Sunday School work continues to receive emphasis. These pupils carry important responsibilities in the local Church Sunday School program and, although Old Untali is far from being the model example of what a Sunday School should be, progress is seen. Better organization of the previously existing Sunday Schools on the station, the opening of a new Sunday School under more nearly typical village conditions, the introduction of birthday offerings--these are some of the year's accomplishments. In connection with all of these our aim has been that each Sunday School leader should consider himself a personal evangelist.

The Sunday School Supervisor, appointed at the last Annual Conference, has contributed to ward this training as he has visited our classes, bringing us fresh news from the outstations. When we have been about to become too institutionalized or theoretical in our training, his reports of conditions as they

exist have helped us to get our feet on the ground. During the 8 months since Mr. Jangano completed his Theological training and took up his appointment as Sunday School Supervisor, he has visited all of the circuits and many of the stations on the Mtasa-Makoni, the Zimunya-Maranke, the Old Umtali and the Umtali Districts, besides having accepted two invitations to present the Sunday School work at gatherings on other districts. Hundreds of miles of cycling, visits with the parents in the various circuits where he has work, discussions with Church leaders, periods of instruction with those particularly responsible for the work of the Sunday School and talks to the school children have filled Baba Jangano's week days. Sundays, his times of greatest opportunity, have been all too few as he has preached, given demonstration lessons and made general observations. Many times when he has made his departure from the stations the people have urged him to hurry back, some of them saying, "Our leaders are too busy to help us in Sunday School."

What are some of the typical findings of our Supervisor? Organization at most places is weak, while Enrollment attendance cards are not considered important. Too often the lessons are uninterestingly taught and some of the church leaders do not know how to make use of the limited amount of literature which reaches them. As many of the Sunday School Superintendents are selected from the local

church leaders, they receive only the occasional assistance which is taken to them. At places where the leaders have enlisted the support of the day school teachers the Sunday Schools are greatly improved. Last year each outgoing Hartzell Training School teacher took with him a combination flannel blackboard. Expressions of gratitude for these boards on the part of the teachers, themselves, and reports that they are finding them useful is good news. Other alert teachers make use of enrichment materials. Unfortunately, however, many day school teachers do not seem to feel that the religious program of the church is their responsibility and, hence, there is much wasted talent and many wasted opportunities. In some places the Rukwadzano rwe Wadzimai use the Sunday School period as a time for their on group meetings of prayer and fellowship. The Sunday School needs the help and support of these fine women, some of whom were teachers before their marriage, and we can think of no more effective way to realize the RRW motto, "To serve Christ and others," than through the Sunday School.

In addition to the general Sunday Schools Supervisor, there have been two District Supervisors, one for the Mutambara and one for the Mrewa District. The Mutambara Sunday Schools had a good start at the beginning of the Crusade emphasis, as the District Superintendent and his wife pushed the program. At the planning Conference for teachers at the beginning of the school year, the Government

school Inspector supported the District Superintendent who frankly stated that he wanted to employ only such teachers as were willing to take their full part in the Church program. Just recently the Mutambara District Sunday School Supervisor reported that the work was going well and that he knew of no teacher who was not happy to teach in the Sunday School.

In Mrewa District the work has gone forward by leaps and bounds, the records showing not only reasonable but amazing enrollment and attendance gains. The Supervisor, working with the District Superintendent who pushes the Sunday School program, has been free to plan an advance program throughout the district and his place on Quarterly Meeting program has added dignity and importance to this particular phase of Church work.

It would be impossible, of course, to list all of the places in the Conference where the Sunday School work has gone forward and all of the people who have contributed toward the advance. Many are our reasons for encouragement and indications are that we are gaining ground, if not as speedily as we would wish.

The matter of literature and its distribution plays a most important part in Sunday School work. It takes time to prepare the lessons, time to print and publish them, and, again, it takes time to distribute the published lessons. Although not typical, the following comments indicate weakness in distribution. One 1949 appointee to a station

wrote thus, "Upon my arrival here I found only one Sunday School lesson booklet and that was for 1947." Another person wrote, "Please send the Sunday School lessons direct to me or, otherwise, they will not reach our station." (Incidentally, this distribution does not fall to the Director of Religious Education). Yet, on the whole, the distribution of lessons seems to be under much better control than formerly.

One of the most frequently heard questions is, "Where can we get pictures to go with the Sunday School lessons?" Repeated requests for visual materials from America have resulted in very little. The 32 flannelgraph boards which went out with the Teacher Training pupils last year, are almost negligible among 200 or more Sunday Schools. Some mimeographed material for use in the in the Training classes this year has been prepared but it has been impossible to broadcast this material among all of the stations. The demand is overwhelming, and a solution must be tackled from another angle.

We think that we may be on the right track in search of literature. The South Africa Sunday School Association (which is composed of Methodist, Congregational and Presbyterian bodies) has very generously granted us permission to base our vernacular lessons upon their material. At the beginning I would point out a disadvantage. The typescript for these lessons does not reach

us in time for us to continue the preparation and publication of an Annual such as we had last year, so we shall need to return to the Quarterlies—thus adding to distribution responsibilities. There seems to be, however, distinct advantages in using the South African system. Our lessons will coincide with the current lessons used in South Africa and we shall be able to use the supplementary material which is put out. This material includes Teacher's Guides in English and visual material. Many of our teachers, ministers, missionaries and other leaders would benefit by having these guides, which give a much fuller discussion of the lessons than our limited vernacular material. As to visual material, it may be that much of this will require adaptation to our needs, but interested missionaries and Church leaders should be able to prepare that required for their own Districts. A limited amount of supplementary material has been ordered from the South African Sunday School Association for the first quarter of 1950, the Director of Religious Education having assumed that responsibility. It will be necessary for those in authority to make early decisions concerning the amounts of such materials required for following quarters.

RECOMMENDATIONS: See Board of Education Report; Committee on Religious Education (Part VI A 2)

In concluding this report we would recognize the fact that much hard pioneer work in the Sunday School field has been done in the past and that much has been accomplished. If, however, this Annual report, with its recommendations is accepted, work and much more hard work lie ahead for all who bear the name of Christians. Not only *hard* work but *united* efforts, must become a reality if the Sunday Schools of this land are to become instruments for abolishing spiritual ignorance and bringing light to its people.

Is the goal worth the effort?

4 African Missionary Society

Chikwizo circuit

Chikwizo Reserve is a reserve of five preachings Stations as are following:- Nyamande, Nyakateteya. Zinhu, Nyamvura Shena and Chikwizo Mission. Out of five we have four that have preaching plans every Sunday. We hope to put also a preaching plan at Zinhu.

Where can we get local preachers while we have no full members in our young Mission. The new thought came to us. Read Exodus 4:2-3. "What is in thy hand" says the Lord.

There is a proverb that came to our thought. Which says, When the knees grow soft, the hearts grow hard. When the knees grow hard the hearts grow soft. and are enabled to be bended wherever The Kingdom of God wants to be built. As we took this proverb, in practise, among our school girls and boys. We found forty School children who promised to the studies of purification. And asked to have the cards that written promises of purity out of them we have two of them who are trying to teach children in our 2 preaching plan villages after school. Each place is about seven miles apart.

Church work at the Mission

From January to June our church work was running forward. We had a number of 232-252. on Sunday service. From July up to this time our church attendance has come down, because of the difficulties of starvation, thirst, and clothing.

Ruwadzano had on attendance of 29 30 women in their group. Mai Makuto goes to those village twice a week. Men's Group prayer was 16 in number, but through the same conditions their attendance have come down. also.

Our Sunday School have still better attendance because the big number is children. Our teachers go to the villages to find.

Church Work. From January to June our work was running to this time it has come down through the following:- the children, and organize some singing of children. M.Y.F. is also better.

We are very happy at Chikwizo Mission with these boys and girls who are in this study of purity of heart. We pray God that He may bless our group in this study.

Our Theme at Chikwizo is onenes with God St. John. 17:21, 23. This is only the power we think that can help. us with Him all things are possible.

They that wait upon the Lord shall renew their strength;

they shall mount up with wings as the eagles; they shall run, and not be weary, and they shall walk, and not faint. Isaiah 40:31.

As our motto is so shall it be "For Christ and others." The Ruwadzano Rwe Wadzimai by the help of God and the guidance of Christ is keeping on carrying the usual work of visiting the sick and helping them in any possible and necessary way.

Most of our people have maternity cases in their homes which has often left many mothers ill and caused the loss of many especially babies. We of Ruwadzano are helping in all such cases, we teach and persuade the mothers to go to the hospitals when they are in a family way, we also talk to the fathers to see the importance of sending their wives to Hospitals.

We send our help to those who go for maternity cases and those who go being sick, and orphans etc.

We thank the members and Leaders of Ruwadzano who live near the hospitals such as Rusape, Mrewa, Nyadiri and M'toko, for their constant visiting, helping and praying with the sick, both none Christians and Christians.

This system of helping is the way in which we believe that God is using Ruwadzano to win souls for Christ.

When death occurs in a family we always try all we can to help. The sum of £6 12-0 was spent this year in helping the sick and buying

clothing for the dead and for the poor and etc.

We therefore ask you Christian friends to pray for us, that the spirit of a good Samaritan grow continually among our members.

We visit our neighbours strengthening our members and persuading others to accept Christ as their Lord and Saviour.

It sounds to so many people as if it is self praising when we talk of many who are won for Christ through Ruwadzano, but truly we are not praising our selves. We do thank God who is using Ruwadzano to convince women and men that Christ is the Lord.

Chigudu Rukwadzano

From August 12th to 14th, 1949, we held our Rukwadzano Meeting at Chigudu Station; it was a good, Christian meeting, with Baba and Mai Fuller present with us.

Baba Fuller helped us to divide the women into four groups and he taught us four lessons.

1. *The Bible Leaders were:* Mrs. K. Choto, Mrs. J. Tsiga, and Mrs. D Makuto.

2. The following *Leaders taught* the people about *cleanliness*: Mrs. Fuller and Mrs. Chiromo.

3. *The soul Savers were:* Mrs. Zimonte, Mrs. S. S. Chieza, Mrs. E. P. Munjoma.

4. The following *Leaders* taught the *laws of the Rukwadzano*: Mrs. L. Chieza, Mrs. H. Katsidzera, Mrs. Chigubu. The women were very pleased to

learn the laws of the Rukwadzano in which they received instruction on the Friday and Saturday. Older girls were taught by Mrs. T. Marange. The little girls were led by Mrs. O. Musingwini, little boys by Mrs. E. Chitiyo, the men including the Ministers were led by Baba Fuller.

The following help was rendered by Baba and Mai Fuller: One of the babies the Nyadiri Rukwadzano women got sick and when Baba and Mai Fuller saw the sick baby their Christian love was moved and they treated the sick baby and gave it medicine, after which they asked the congregation to pray that God may help them to reach the doctor in time with the sick baby. The words of Baba and Mai Fuller moved the hearts of the Rukwadzano women and they prayed for the baby and also thanked Baba and Mai Fuller for their Christian love. The baby lived, and is getting better.

Although Baba and Mai Fuller was therefore not able to preach that Sunday the love and Christian work which he did touched the hearts of the people.

The number of people who attended the meeting was great -- approximately about 6574 excluding the children.

We were pleased to receive some visitors from the East among them the wives of some of the Ministers from Umtali. Their text runs thus: "Seek and ye shall find, Knock and its hall be opened unto you; ask and it shall be given you."

These words have great truth.

At that Meeting many souls were saved and helped in the understanding of the Word of God.

Signed: Mrs. Manjoma, Sec.

Gal. 3:28 For there is neither Jew nor Greek, there is neither bond nor free, there is neither male nor female. For ye are all one in Christ.

Our Motto: To serve Christ and others Bishop Booth and all the honourable members of the Conference.

First I give thanks to our Heavenly Father, who through his mercies kept us, and has brought us to another Conference year. We bless His Name.

Report from the Executive Committee. This year was made to be rich by the organising of Mrs. V. Culver; who has prepared a full day of good selected lessons for us. The three of them came, Mrs. Per Hassing, Mrs. Huie and herself. Mrs. Hassing taught home keeping, care of babies. Mrs. Huie first talked about the Mutambara group, of the Rukwadzano being faithful in doing the common affairs of life, encouraging all group to be faithful to do all those little things' for they are great in the sight of the Lord our Master.

Mrs. Culver taught us from Christ. The example of life, secret prayer, ones' enemies-true spirit in prayer. She

gave verses for each lesson. She came with exercise books and pencils enough for everyone, so each person was busy writing except a few who were waiting to ask those who could write for them.

The next day the committee meeting began among all the items discussed were three which were important.

(a) Not to let Methodist

Children go to work in tobacco fields as our church speaks against it. They should not help to grow tobacco, for they are sometimes called by the white farmers to help in their tobacco fields.

(b) We ask all the Sunday School Superintendents to collect the finished papers of Sunday School and send them to any hospital or dispensary near by, for there is need of something to read in such places plus goals.

(c) It is good for the Church to make laws and break them again? Why is it if that divorced people remarried.

Daily Work: Is to visit the sick and those in troubles and to encourage the sick people and the pregnant mothers to go to the hospitals. old people, orphans left around, especially without mother oftengo and do to them what a father couldn't do taking water to them and to wash smaller children. Sometimes smear the rooms, taking the mealie

meal to them, sometime take their Njera and make ufu for them. The same thing is done to the oldest people for many times there are some who have not any special one to care for them. Work is done in the fields to our widows, widowers and old people.

In the Church: It is true that nearly in all local churches the women give more than the men and when quarterly collection is not enough, they add from their fund. A few local churches have reported buying cement for the Church floors.

Gandanzara Report Two pounds cement for the pulpit. *Muziti* for building the Missionary house £8. 5. 0. was spent beside the work done by them Chitakatira has build two, Muradzikwa has one, used as a classroom.

Nyakatsapa has given £5 to help with the school building. Mundenda built a schoolroom and a teacher's house.

Gandanzara has a boy whose mind is not straight, having no one to help him in clothing. Therefore the Gandanzara group is helping to clothe him and the same thing to a neglected girl at *Muziti* a blind woman was given a dress worth of 15/- and 10/- was given to a poor girl who has no one to look after her. also material was bought to cover the body of a dead man who had no relatives.

Mundenda helps to feed the family of a sick father with some small children, but no garden. The Mt. Makomwe

gave One pound to assist for the burned church.

Umtali reports went to visit the children left by daughter of Chief M'rahwa, also sewed adress for the chiefs blind mother, sending half bag of ufu and 2/6 to widow who was in great need of food.

THE ANNUAL CONVENTION

The wonderful convention was held in Mutambara district at a place called NE-DZIWA near Mufundisi Tubbs place where the first Bible School for African women was first held. We were very fortunate that she was kept back to Africa safely again. The Master knows that we have need of her. At our Convention we felt like children who have their mother back from a long journey we were very pleased to see her.

The Congregation: one of our old good Christian man at Mutambara coming on Saturday afternoon, said in surprise. Now what is this? and I said you know better than I do, you tell me what you think it is. and he said this is not less than a miracle and my mind went back to Rukweza's convention when one bright morning a man who was a Sikiro (a man whose spirits of departed forefathers talk through him) stood up and shout with a voice beyond his own. This is the great God. This is the Might God. This is powerful God, after a pause he said we had power, we are feared by all the people but we had never glory together a large gathering like

this or half of this, and in my heart I say "King of kings and Lord of Lords" and he shall reign for ever and ever. Myself I came to understand the words used again in the time and life of our dear Saviour. The multitude followed him there were those from Gazaland. There were more than fifty from Salisbury a few from Selukwe and Bulawayo, a group from our neighbouring church the Anglican. Umtali by itself were 206 women beside men who went to Mutambara. The happiest thing in all our conventions is that men came with desire to see the womens meeting, but instead they see their Saviour. Chief Mutambara came on Saturday when he stood up he said I wish if I had a voice which you can all hear, but I haven't. So I am going to greet you by firing my gun, don't be afraid it is my greeting. The word of God have come to change things and things mean what they didn't mean before. He continued talking. It is through you Rukwadzano when we were scattered bones, the word of God through Rukwadzano brought us together.

I think our missionaries know that from back there on Africa chiefs would not see each others face and when Native Commissioner called them they could not make them live and eat together but when they come to our convention you will find them sitting on one bench with **no demand.**

Yes, there is power in Love, as the saying is "Honey catches more flies than vinegar" Baba Abraham Kawadza was there when taking prayer. One morning he stood up and shook his head as he compared the life he lived away back and the life we are having now, he wondered to wait forbid us to give all our souls and bodies to God. He ended "Lord depart now thy servant in peace for mine eyes have seen the Lord. The superintendent Rev. H. I. James planned to serve the Lord's Supper on Friday, and that was quite fit, reminding us again of that good Friday, when the only dear Son of our Heavenly Father was on the way to Calvary to pay the debt for us all. The Superintendent had ordered only the members of the R.R. to take the Communion and it was appreciated. Those who took the Lord's supper were 864 members of R.R.W.

Among the members received this year are Mrs. N. S. Booth and Mrs. Smith we are very glad to be joined by such members who will be going far and wide for they will carry the African women Society.

So that men will think of them in their prayers we thank the Superintendent of Mutambara district with his ministers for their good plans for convention, Mufundisi Tubbs did a good job of selling Hymn books and Bibles to the people.

There is no happiness in **having or getting but only in**

giving.

7. The Methodist Council

Actions by the Methodist Council acted upon in Mrewa, April 28th, 1949, were reviewed by the Conference and the following action taken by the vote of the Conference.

1. JOINT LITERATURE AND BOOK ROOM:

The joint inspiration and development of literature, its production, distribution, and encouraged use was recommended by the Methodist Council. The assistance of the Methodist Missionary Society of the Synod and that of the Methodist Board of Missions was welcomed. A committee to draw up articles of association, to seek premises, and to seek the personnel for the project was recommended, this committee also to inquire into the matter of religious broadcasting for the Africans. Salisbury was considered as the natural centre, with Bulawayo and Umtali as branches, and the circuit organizations assisting in the distribution of literature. Old Umtali and Epworth were asked to furnish lists of publications to the workers of both Churches. Sunday School Literature and material for the Adult Literacy Campaign were also to be considered by the Committee

on Literature and Book Room. (Sections 1, 2, 4, 5 Methodist Council Minutes).

The Conference adopted this proposal, implementing it by the nomination of Miss. B. Reitz Mr. Frank Jackson, and Mr. M. J. Murphree to the Committee on Literature and Book Room.

2. JOINT THEOLOGICAL TRAINING:

The plan proposed by the special committee on Joint Theological Training was rejected by the Conference by a vote of 32 to 27.

3. UNITED METHODIST AFRICAN CHURCH IN SALISBURY: The Conference adopted the plan for a United Church in Salisbury, amending part III-4.-by inserting "A Superintendent appointed by the Conference" under "staff of the United Church" as printed below. By its action the Conference agreed to the appointments called for.

The Ammended Proposal
**PROPOSAL TO FORM A
UNITED METHODIST
AFRICAN CHURCH IN
SALISBURY.**

1. PURPOSE:

To establish and confirm the essential oneness of the Methodist Churches in Rhodesia.

II. PRINCIPLES:

1. To emphasise the common factor in the American and British Methodist traditions.

2. To examine the varieties in emphasis and usage of the two traditions, and to provide for their expression within a common fellowship.

III. PROGRAMME:

1. The Methodist work in Salisbury is under the direction of the Synod of the British Conference.

2. The Circuit organisation of the Synod shall remain unchanged: i. e., Class meetings, Leaders' meeting, Local Preachers' meeting, and Quarterly Meeting, with representation from the last to the District Synod (such changes as might be indicated by paragraph 3 excepted).

3. A pastoral oversight Committee shall be appointed, consisting of the Superintendent of the Circuit, a visiting Superintendent to be appointed by the Conference, the African ministers of the Circuit, two Local Preachers and two class Leaders (one of each from the last three categories to be of the Conference and of the Synod). The Superintendent of the Circuit shall preside at this meeting. The Committee shall meet at least once each quarter before the Quarterly Meeting of the Circuit. Conference members shall be members of the Quarterly Meeting.

4. It is recommended that the staff of the United Church shall include:

- (a) A Superintendent appointed by Synod.
- (b) A Superintendent appointed by Conference.
- (c) An African minister appointed by Synod.
- (d) An African Minister appointed by Conference and seconded to the Synod.
- (e) A Deaconess to be appointed by Synod or Conference as need shall arise,

(N. B. All these workers shall be subject to the direction of the Superintendent of the Circuit).

5. The Circuit shall be self-supporting financially (apart from the allowances of the missionaries), all local income being used for the establishment and development of the work in Salisbury. All building projects shall be primarily the responsibility of the Circuit organisation, though any grants required from Synod or Conference shall be equally divided between the two. The D. E. F. contribution from the members of the Circuit shall be equally divided between the Synod and the Conference for missionary development under their respective jurisdiction.

6. Removal notes of members from Circuits within the Synod shall be sent direct to the Superintendent of the Circuit. Removal notes from Circuits within the Conference shall be sent in the first instance to the Superintendent appointed by Conference, who shall then forward them to the Superintendent of the Circuit. Notes of removal of members from Salisbury shall be dealt with in reverse procedure. The Pastoral Committee shall ordinarily receive those coming from the Mushakata group. If there is any difficulty, reference shall be made back to the Home church from which the member comes.

7. The Pastoral Oversight committee shall consider whether any practices or methods of evangelism or worship are within the accepted standards of doctrine or discipline of the Conference or Synod, and shall

endeavour by persuasion and example to direct the members of the United Church into the fullest spiritual experiences of the Methodist tradition.

8 It is recommended that the possibility of providing a common hymn book in Chimanyika, Chizezuru and Sindebele be explored, so that deeply cherished hymns and songs may be available for all in a common worship.

9. In order to enrich the contacts of the Church, inter-visitation between Home circuits and Salisbury should be encouraged.

10. It is recommended that a careful examination of the Rule Books of the two branches of the Church should be made and necessary adjustments agreed upon to have as far as possible a common approval, not only in Salisbury but throughout the country.

8. Hartzell Training School Advisory Council

1. Recommended that the calling of teachers for the supervision of the Practising School Classes be considered a Conference matter and not merely an Old Umtali matter. The purpose being to make possible

the securing of most suitable teachers for the Practising school. It is understood that such teachers, upon terminating service in Hartzell Teacher Training School shall be transferred to the District from which they came.

2. Since the Field Committee apportionment of Teacher Training pupils at Old Umtali does not include Rusitu Mission, we recommend that the Field Committee reconsider this apportionment.

(a) to give a place to Rusitu students turned out of Teacher Training after the opening of school in 1949 since they were promised a place for 1950 if they so desire, and, (b) to allow place for a limited number of Rusitu students in future years if their is room since Rusitu has no training school yet their students are of such character as we wish to see teaching in the schools.

3. We wish to remind people of the announcement made last year by Bishop Booth that Mr. Crummy is ready to match every other dollar given as an increased income for carrying on the total program at Old Umtali.

4. We strongly encourage that girls of our church enter Teacher Training.

PART IX

MEMOIRS AND ROLL OF
THE DEAD.

PART IX MEMOIRS

Lulu Engelineer Kasambira

This is in memory of Lulu Engelineer Kasambira, the daughter of Rev. and Mrs. Kasambira, born on October 19, 1948. The condition of her health was never good from the beginning. The parents did their best to improve it through the treatments given at Nyanyadzi Clinic, but this was not successful. On 6th August she became more ill and while in Mutambara Dispensary on 7th August Lulu Engelineer passed away. To the family we express our heart felt sympathy.

Mrs. Josiah Chidzikwe.

We deeply regret to report that the wife of the Rev. J. Chidzikwe one of our Conference members, passed away to our heavenly Father, on April 20 this year.

Mrs. Chidzikwe was born on January 20, 1920, at Gandanzara Station, the 4th in her family. After receiving her education at Gandanzara School she proceeded to Old Umtali for further studies. After passing Standard 5 at Old Umtali she became a teacher at Gandanzara Station for two years. During these two years of service among her people as a teacher, she did a very good work to both children and adults. In 1944 she was married to Josiah

Chidzikwe. Since this time they both lived a happy life.

Mrs. Chidzikwe was a strong leader of Ruwadzano Rwe Wadzimai. She was a helpful woman to her husband. After two years of successful service at Gurure J. Chidzikwe and his wife came to Old Umtali for Ministry course. After graduation in October 1948 they were appointed to Mukahanana circuit to do the work of God. Four months after this appointment she was seriously attacked by illness and passed away. She left her dear husband and two children and relatives in a great sorrow. We wish the Comforter to be with the remaining family N. Chigubu.

David Z. Mukombiwa

We report with great sadness the death of David, the son of the Rev. Z. Mukombiwa, which occurred at Mrewa Clinic on the 22nd of June this year. He was born at Old Umtali Mission on July 18th, 1916. During his childhood, David attended the village schools where his father was teaching. After finishing his first std., he went to Mutambara Mission then to Old Umtali where he completed his teacher training course in Std. 7. After teaching one year at Old Umtali he proceeded to the Union of South Africa for secondary education.

At the expiration of five years he came home and taught one year again at Old Umtali. Then he left for Adams College where he took a Post Matric Course which he com-

pleted in three years time, and came home at the beginning of this year.

Here he became one of the method teachers in T.T. Dept. and the head teacher of the Practicing School. Soon after beginning his work, he was seriously attacked by the illness which removed from our midst one who was not only well known but was greatly esteemed throughout the

Mission. His recent pupils have written of him, "He was a man who showed devotion to and pride in his work. We learned much from him. His life taught us in Teacher Training to live peacefully and fairly with others."

To his bereaved and relatives, we tender our deepest sympathy.

R. Ngonyama

David Mandisodza

David Mandisodza, son of the Rev. Mandisodza, was born at Old Umtali on October 14, 1925, the seventh child in the family. David attended Old Umtali, Mrewa, and Howard Mission Schools. For four years he was in Government service and was then taken ill. After eight months' illness in hospital and at home he was called to the heavenly home where he went to be with the Lord as he gave his testimony that his place was there.

We extend our sympathy to the family for the loss of their dear son. But we also thank God that David had received Jesus Christ as his Saviour.

Mrs. Helen E. Springer

With the passing of Helen E. Springer on Aug. 23, 1949, we think of a great soul going on to receive her reward. In 1901 she came to Rhodesia as Mrs. Rasmussen to begin work among women and girls. In 1905 she married a fellow missionary, John M. Springer. As a pioneer missionary she went with her husband many hundreds of miles by foot and donkey, doing evangelistic work. Many will remember her as the first missionary woman to visit their kraals and homes. Later, as the wife of the Bishop of this area, she visited the Conference with her husband, taking long and tiresome journeys. Her friendly gallant spirit will always be remembered by those who knew her. Mrs. Springer's linguistic ability and her literary talent have meant much to the work in Africa.

For 48 years Mrs. Springer laboured in S. Rhodesia and Belgian Congo with one thought and aim, "The Redemption of Africa's people."

Note: The poem by Mrs. Springer - *The Trail*, is printed Page 139 of this Journal.
